

NEWS RELEASE

December 4th, 2025

Dear All,

NYK Energy Ocean Corporation

New chemical and oil tanker the Golden Calypso Delivered

Our company (Headquarters: Yokohama-City, President: Koichi Chikaraishi) announced that on 29th October, the Golden Calypso, a new building chemical and oil tanker, was delivered at Asakawa Shipbuilding Co., Ltd. (President: Takehiro Asaumi; Headquarters: Imabari, Ehime). This vessel is the second ship to be completed since our company was commencement of operations in April of this year.

“CALYPSO” comes from Calypso, the goddess of the sea in Greek mythology. This vessel is the sister ship of the chemical tanker “GOLDEN THETIS”, which was completed on 31st July. The name carries the wish that both sister ships will be protected and cherished by the sea goddesses, enabling safe and stable operations.

<Golden Calypso Specifications>

LOA	156.53m
Breadth	25.00m
Moulded depth	14.00m
